## DEUTSCHLAND CLEARED FOR DASH TO GERMANY

Commander Koenig Will Soon Sail Hoping to Escape Allied Warships Waiting Outside

Baltimore, Md., July 27.—At 1 a. m. there were no indications that the Deutschland was preparing to leave her slip.

Baltimore, July 26.—The German submarine liner Deutschland today was cleared by her commander, Captain Paul Koenig, for "Bremen or any other port in Germany."

Any hour now the vessel may start down the Chesapeake bay, prepared to make a dash for the open sea through the Virginia capes and the guard of allied warships off the three-mile limit.

Secrecy surrounds the plans of Captain Koenig. After securing his clearance papers at the custom house he said in reply to questions asked for the benefit of the Maryland Pilot association that the exact time of his departure was indefinite. Tonight he had made no arrangements for a pilot, but he can obtain one almost immediately at any time he desires.

## REMEMBER

In selecting a candidate for Attorney General, it is well for the country voters to remember that St. Louis is making a persistent fight to have the State Board of Equalization raise the assessed value of farm lands and country real estate generally, to its actual cash value. This means that the valuation of real estate in the country would be treble or quadrupled and the taxes raised in the same proportion. The Attorney General is a member of the State Board of Equalization, and Frank W. McAllister, of Monroe County, has lived in the country all his life, is in sympathy with the country people and can be depended upon to oppose the efforts of St. Louis raise the taxes of the country people, to the bitter end. Both of his opponents are from the city of St. Louis.—The Nevada Daily Mail.

## PICNIC AT STELLA

Stella will hold her annual picnic this year on August 10, 11 and 12, and it is expected that large crowds will be present each day. The best speakers have been secured and there will be plenty of shade and sparkling spring water.

Mrs. Robertson, mother of Dr. Robertson of McDowell and Joe Robertson of Purdy, died at her home Sunday morning. Funeral services were conducted and interment made at the Dice cemetery in Newton county.

## VILLA REPORTED TO BE IN CANYON NEAR EL PASO DE PEÑOLE

Bandit Chieftain, Described by Former Chief Lieutenant, is Accompanied by Only Thirty Men, Dispatches Say

Chihuahua City, Mexico, July 26.—Government troops fought a sharp skirmish with Villa forces near Hacienda Tres Estrellas yesterday, scattering the bandits and pursuing them into the hills, according to reports to General Trevino. The Carranza column, under General Quintana, surprised the bandits, who numbered about a score. Three outlaws were killed the report said.

Chihuahua City, July 26.—Villa, with about 30 men, is in the Canyon de Las Huertas, near El Paso de Peñole, Durango, according to dispatches from General Ramos, sent by courier to Mapami and telegraphed to General Trevino today. Calixto Contreras, his chief lieutenant, whose death recently was reported from Mexico City, deserted him after the Parral fight and made his way southeast with one-half of the men, who attacked that city, according to the dispatches.

It was reported that the Villistas are scattered throughout the foothills of the Sierras in small bands. Alejandro was said to be in the Canyon de Las Piedras with the 20 survivors of the 80 with whom he participated in the Parral fight.

Mrs. Charles Mansfield received the club prize, a pearl handled fork. Mrs. A. Cole, the guest prize, two dainty handkerchiefs, and Mrs. Walter Perry, the booby prize, a bottle of "ketchup." A salad course lunch was served.

## DIVIDES UNITED STATES ROAD FUND

Missouri Is to Get \$169,720 and Kansas, \$143,207

Washington, July 26.—As the first step in the federal government's part of spending 150 million dollars on good roads in the next five years in co-operation with the states, Secretary Houston announced today the apportionment of federal funds for this year. A circular will also be sent to all the governors and state highway authorities outlining a tentative plan of procedure.

The 150 million dollars is to be paid half by the government and half by the several states, apportioned among the latter according to their respective area, population and rural mail route mileage.

The expenditures are authorized by the Shackleford-Bankhead Good Roads Law, the first granting federal aid to states in road building. Actual construction of some of the roads may begin this fall and extensive construction next spring is planned.

Appropriations for the present year, ending July 1, 1917, authorized by Congress, are 5 million dollars. For the four succeeding years they are respectively, 10 million dollars, 15 million dollars, 20 million dollars and 25 million dollars. The law provides however, that no government money shall be available unless the states spend an equal amount, matching the government contributions dollar for dollar.

Every cent of the federal and state funds, the act provides, shall be spent to build new roads. Maintenance costs thereafter must be borne by the states alone.

Rules and regulations to put the Federal Aid Law, as it is popularly known, into prompt operation are now being drafted by the Secretary of Agriculture, upon whom devolves practically the entire work of supervising the government expenditures. Immediate supervision will be by the office of public roads and rural engineering,

## DETECTIVE WILL GO TO LOS ANGELES TO BRING BACK DURGIN

Prepares Requisition Papers and Gets Indictment Copies—Slayer Taken to Jail

Detective William Murphy, who, with his partner, Detective Edward Doyle, was assigned to the Durgin-Elrod murder on July 7, was instructed by Chief Young yesterday to prepare to make the trip to Los Angeles, Calif., to bring Charles H. Durgin to St. Louis.

Murphy yesterday obtained copies of the murder indictment against Durgin and prepared requisition papers which will be sent immediately to Gov. Major. It has not been decided whether Murphy will make the trip alone or take Doyle with him. The police are awaiting the arrival in Los Angeles of photographs of Durgin mailed Monday night, in order that the identification may be positive before detectives start West. The letter containing the pictures will not reach California before today or Thursday.

The police of St. Louis have little hopes of a conviction of Durgin for the murder. They say it undoubtedly will be proven he is insane.

Mrs. Adelaide Pearson, 41 years old, of 2237 St. Louis avenue, sister of Durgin, said yesterday her brother had been insane for many years.

## TO RATIFY DANISH TREATY SOON

Senate Will Act Promptly on Purchase of Islands, Stone Says

Washington, July 26.—Chairman Stone of the Senate foreign relations committee told President Wilson today he anticipated no difficulty in having the Senate ratify promptly the treaty now being negotiated by the United States with Denmark for the purchase of the Danish West Indies for 25 million dollars. It is understood that the treaty will be signed in a few days.

of which Logan Waller Page is director.

The apportionments of this year's 5 million dollar appropriation, less 3 per cent for administrative expenses, with those of other years in proportion, include:

Arkansas, \$82,689; Colorado, \$83,690; Iowa, \$146,175; Kansas, \$143,207; Missouri, \$169,720; Nebraska, \$106,770; Oklahoma, \$115,139; Texas, \$291,927.

The first installment is for the fiscal year ending June 30, 1917.

Roads and construction materials of the new roads are to be finally determined by the Secretary of Agriculture. No public road can be built under the law until its location, cost and character are approved by him. Every road project, with plans, specifications and cost estimates must be given his approval before any of the federal money shall be available. The roads must be "substantial in character." A limit of \$10,000 per mile, however, is the maximum fixed by the law to prevent use of the government funds in building costly boulevards which would not assist in rural development.

Whether the new roads built under the law shall be main traveled trunk lines, connecting interstate highways, or merely small sections scattered throughout the state is also left to the discretion of the Secretary of Agriculture. Construction of both is expected.

## ROACH SAVED TAXPAYERS MILLIONS OF DOLLARS

When Governor Hadley offered his famous resolution to treble the taxes of the farmers and country people by trebling the assessed valuation of rural property, the record of the State Board of Equalization shows that it was Roach who broke the tie vote and saved the day for the farmers. The names of the members of the Board were called alphabetically with the following record result:

Cowgill—aye; Gordon—No. Hadley—aye; Major—No. ROACH—NO.

When Roach's name was called, the vote stood two for and two against. He voted no and saved the taxpayers by that one vote millions of dollars.
